FROM £3,999.00

This is real mountainbiking – supercharged! With its low centre of gravity, killer stiffness and perfect weight distribution, the Moterra is without doubt the BEST handling eMTB on the hill. On a Moterra, you won't just climb like an electron-fuelled god, you'll rip, rail and shred downhill like one too – see the new Moterra range on stand C41. You can also ride the new Moterra bikes today, on the Bosch eMTB course right here at the Cycle Show!

FROM £2,799.00

There are plenty of people who'd say that CUBE eMTBs get better every year. They'd be right – and the Reaction Hybrid SL is a good example. CUBE's engineers went back to the drawing board to create an even sleeker hybrid hardtail with fully integrated battery and BOSCH Drive Unit, resulting in improved handling, smarter looks and better functionality.
