

Pinarello Dogma F10

STAND A11

the cycle show

www.thebikerrooms.com

FROM £4,499.00 (FRAMESET)

The Dogma F10 frame uses Toray T1100 1K Dream carbon fibre with NanoFlex impact-diffusion technology. The Flatback tube profiles optimise airflow, and the concave downtube reduces aerodynamic drag by up to 12.8 per cent. The frame is 6.5 per cent lighter and 7 per cent stiffer for better pedalling efficiency, power transfer and acceleration. The new Onda F10 fork reduces wind resistance by up to 10 per cent. Available in 13 different frame sizes, the Pinarello Dogma F10 is light, stiff and fast.

Pinarello Gan Series

STAND A11

the cycle show

www.thebikerrooms.com

FROM £2,399.00

The Gan series comprises the Gan RS, Gan S, Gan Disk and the Gan. All share an almost identical silhouette and geometry to the Pinarello Dogma F8, but use a more affordable grade of carbon fibre. The series also inherits frame asymmetry, flat back tube profiles and ONDA forks and seat-stays. Available in 14 sizes, including four Easyfit (ladies) options. This is a great all-round race bike. The Gan S shown uses Torayca T700 carbon fibre.

Pinarello Gan K

STAND A11

the cycle show

www.thebikerrooms.com

FROM £3,145.00

The Gan K uses the same materials and tubing as the rest of the series, but mixes racing with comfort. Its geometry and Flexstays are derived from the Dogma K8 for a smooth and comfortable ride, and the disc brakes give a more consistent braking feel. The Gan K has clearance for 27mm tyres and mudguard eyes making this the ultimate four seasons machine. The Gan K uses Torayca T600 carbon.
