FROM £2000.00

This is our take on the ultimate urban bike. Hand-made in Brighton from a Columbus Niobium doped steel tube set and joined using old-school techniques. Made with **ROCKER** dropouts from Paragon USA. Super customisable – belt drive, chain, single speed Di2 or geared all in one frame. The show bike features a carbon belt drive system from Gates – whisper quiet and very clean. Custom made, so almost any options you desire.
