

Saracen Mantra 2.4
STAND A31

the cycle show
www.saracen.co.uk

FROM £579.99

Designed for younger riders that want to go further. Built with serious riding in mind and running a dedicated 1x9 drivetrain with a wide-range 12-36t cassette for maximum trail versatility. Hydraulic brakes with short reach levers are perfect for easy stopping and the Kenda Small Block 8 tyres make it corner like it's on rails! A lightweight Suntour XCR Air fork with 80mm travel makes it easy to set up for all rider weights.

Ridgeback Kids Honey
STAND A31

the cycle show
www.Ridgeback.co.uk

FROM £159.99

Designed to go on adventures, the 14" wheeled Ridgeback Honey features a lightweight yet robust aluminium frame, and with attention to detail like a sealed headset and reach adjustable brake levers, the Ridgeback Honey is a real bike not a toy.

Whyte 403
STAND J71

the cycle show
www.whyte.bike/403

FROM £599.00

We've downsized everything except the performance so you can start them right with a Whyte. A specific lightweight tubeset – not just sawn off versions of adult pipes – shrinks climbs and puts a tailwind into every ride. Single ring transmissions gives simple, instinctive, sequential shifts but still have the gears for every climb and a chainset sized for shorter legs.
