The E-Bob 3 is a robust, rugged folding ebike that incorporates all the features you would expect of an electric bike from Wattitud. A well thought-out in design, it includes 7-speed Shimano gears and motor powered by a Samsung battery. With three levels of support assistance from its motor, the E-Bob has 'oomph' just when needed.

The customisable Old Timer has retro styling that is strongly influenced by the 'beach cruiser' look. Stylish mudguards, frame-integrated battery, chain guard and a double fork-like 'springer' give the Old Timer a profile that conjures up the image of an age when travel was more about the journey than the destination.

The E-Country is redolent of village life, yet it's perfect for city living and getting about the 'villages' within the great metropolis. This is a classic configuration with 7-speed gears, disc brakes, Samsung battery and a digital meter. The frame is both classic and modern in appearance, with a saddle designed and sprung for optimum comfort.
