

Whyte Glencoe
STAND J71

the cycle show

whyte.bike/glencoe

FROM £1,299.00

Take the rough with the smooth... Ever set off for a gentle road ride but ended up in a jarring tussle with the cracked and potholed British asphalt? Not anymore. Whatever surface the road throws at you there is now a road bike that really can cope with it all – the Whyte Glencoe.

Bianchi VN Allroad
STAND H101

the cycle show

www.bianchi.com/uk

FROM £1,000.00

The VN Allroad uses the same hydroforming technology as the standard Road range, creating a light, stiff platform for a very capable on / off road machine. Massive tyre clearance, disc brakes and flared bars all provide supreme control and comfort, whether you're on Britain's underfunded roads or trails in our threatened National Parks.

Dolan Titanium ADX Disc Road Bike
STAND K66

the cycle show

www.dolan-bikes.com

FROM £1,799.99 SHOW OFFER PRICE

The newly designed, Dolan Titanium Disc ADX, frame features flat disc mounts and accepts tyres of up to 35mm width. Pannier rack bosses enable a full pannier rack to be installed, while eyelets allow for full length 42mm mudguards. Internal cabling technology means that the frame will accept either mechanical or electronic group sets.
