# An easy way to peace of mind

## Don't risk your dream by ignoring the need for specialist insurance

Building or renovating your own home is the single biggest investment in your life. To enter a project without sufficient insurance is madness – but many people do, and often unwittingly – did you know, for instance, that your existing home insurance policy may be invalidated by starting an extension project? This risks your

entire investment and leaves homeowners in desperate situations.

To help homebuilders and renovators find it easier to secure peace of mind,

Homebuilding & Renovating has partnered with leading insurance specialist Self Build Zone to provide bespoke insurance solutions at market-leading rates for its readers.
